Abacus International Montessori School located in Tirupur District – Tamil Nadu opened its doors in 2003, emerging out as one of the iconic pioneers in Montessori curriculum. We are proud to be an outstanding institute in the region and hold the distinction of being fully accredited by the Montessori Association. We aim to cultivate in children a passion and pursuit for learning, a respect for others, recognition for their own worth, and an acknowledgement of their position in the global community.

Students at AIMS benefit from a cutting-edge campus with numerous sports fields and facilities. A building devoted to STEM (Science, Technology, Engineering, and Mathematics) classes is among them, as are a multipurpose sports hall, a pool, indoor and outdoor basketball courts, swimming, billiards, and horseback riding. It is an honour for our students to have access to these two top-notch facilities as well. AIMS provides education in a welcoming, specific space where each student's pursuit of personal excellence is given top priority. Both the teachers and the students at AIMS are from different Indian States.

Principal: Dr. Rajeev Rishimangalam

Sections:
Kinder Garden
Middle School (Grade 6 – 8)
Senior Secondary (Grade 11 - 12)

Primary Grade 1 – 5
Secondary School (Grade 9-10)

After School: A good after school program can turn the aimless hours after school into productive learning time. This will expose kids to new interests. We at AIMS concentrate on activities that have social and academic benefits while also building confidence and skills in all children. After school activities can help everyone in them work together, learn from each other, and build friendships.

The programs that we provide take steps so that your child has an equal opportunity to take part in these activities.

➤ Allow kids to make valuable discoveries.
➤ Introduce a different kind of learning and skill-building.
➤ Offer social time (and social learning)
➤ Provide mental stimulation.
➤ Instils confidence.
➤ Allow for creativity.
➤ Result in fun and enjoyment.

After school activities are a great way for students to participate in a safe and productive environment after school has ended. When the bell rings, it doesn't mean your child's day is over.

Boarding: The main aspect of boarding is that students quickly learn how to perform many domestic chores and complete school assignments by themselves. The boarding facility gains an edge over the day-scholars in enabling the children to grow into more confident, more responsible, more success-driven individuals.

Sports: Playing a sport is a great way for children to take a break from academics and release the pent-up energy. Sports triggers the development of physical as well as mental strength in students. We at AIMS concentrate on catering to good sports, as we know that it helps to teach various skills to students like leadership, patience, patience, team efforts, and social skills.

A comprehensive list of the importance of our sports programme:

➤ Children Stay Healthy.
➤ Provides a Good Fitness Level.
➤ Develops Leadership skills.
➤ Provides a Positive Mentoring.
➤ Boosts Emotional Fitness.
➤ Develops a good insight to Social Life.
➤ Helps in Developing Discipline.
➤ Better Performance in Academics.
➤ Develop Self-esteem, Cooperation and Teamwork.

Extra Curricular: Are important for the overall development of students.

Extra Curricular are not solely about imparting stronger professional skills and supplementing education. These programs are also fun and offer students the opportunity to spend time with others of similar interests.

Benefits of our extracurricular activities:

➤ Improved Academic Performance
➤ Learn Time Management
➤ Learn new and useful skills
➤ Sense of commitment
➤ Social Opportunities
➤ Introduction to new views
➤ Personal growth and development

Bhatnagar International Foundation School

At Bhatnagar International Foundation School, we understand that every child is unique and has individual needs. The school follows an effective education system based on the philosophy that 'Today's Preparation Determines Tomorrow's Achievement'. The school vows to empower students with life skills that strengthen confidence, encourage curiosity, develop talent and foster a lifelong love for learning. The philosophy aims to enhance emotional growth, social skills, verbal communication, intellectual awareness and physical capability. We aspire to promote students who are Future Ready.

Medical Room: The school has a medical room where a registered medical practitioner is present throughout the academic week. She is responsible for meeting the medical needs of the children in school. The nurse also provides first aid as needed and can offer advice and guidance on any health related enquiries and can refer children to professionals if the need arises.

Smart Room: To encourage our students' interest in books, Bhatnagar International Foundation School established a Smart Room where children have access to various books and journals.

Computer Lab: In today's modern world, computers are an essential part of life. Computer education is based on learning as well as practice. In Bhatnagar International Foundation School, children are taught to develop a love for information technology from a very early age. We have a PC based lab with smart classroom features, more than 50 student work stations and a teacher's central control station. Each child gets ample time to explore the technology based learning.

Sports: All study no play makes Jack a dull boy , this is a common theory we believe in. The cognitive and physical skills go hand in hand in Bhatnagar International Foundation School. Physical exercise is equally important for the development of a child. Indoor sports like word building, puzzles, are encouraged from the very beginning. Outdoor sports like badminton, cricket, basketball and races are children's favorite pastimes.

Horse Riding: Bhatnagar International Foundation School stresses on holistic education of children where in learning in the classroom goes hand in hand with physical activities. The curriculum has been designed to provide a healthy balance of work and play.
